Autumn Term 2020

NEW What Now Matters? Unlocking the AoLE for Languages, Literacy and Communication
Helen Bowen
Helen began exploring the draft LLC document with schools in the Autumn of 2019. The revised LLC document will be the focus for this event. Teachers will build on their knowledge of the core concepts and explore what this means for their school and setting.

Course Objectives:
- Identifying the important changes - what is the same and what is different?
- What changes will you need to make? What things should not change?
- How can LLC leaders make change achievable? What should a long term plan look like ahead of statutory implementation in 2022? How can we support staff to understand what the AoLE means for them and their provision?
- How can we link with other AoLEs? What should we prioritise?

A crucial aspect of this event will be the opportunity to talk to colleagues, exploring what good practice looks like and sharing how schools have managed to successfully begin implementation so far. There will be a range of supporting materials that schools will have access to share with colleagues and move LLC forward in their setting.

Venue: Buttington Trewern CP School, Welshpool SY21 8TB
